

# **R I T** The Contractor Connection<sup>™</sup>

# Worry-Free Insurance for Your Business!

York Fire & Casualty Insurance Company has designed the Contractor Connection™ product specifically for the Canadian Contractor. The Contractor Connection™ includes insurance protection for you, your employees, your building materials and equipment, conveniently packaged together under one policy. The result? Worry-free protection at a competitive price—so that you can focus on what you do best --running your business!

### The Perfect Fit Contractor Connection™ Product

### **Some Key Features & Benefits:**

- Designs Errors and Omissions Protection: Covers you for monetary loss for bodily injury or property damage which are a result of design errors and omissions committed in the ordinary course of running your business
- Faulty Work Liability (aka "Rip & Tear" Protection): Covers you against the labour costs for the removal and replacement of work materials installed by you or on your behalf which has been rejected by the client
- Rental Expense Protection: Covers you for the expense of renting replacement equipment should your owned equipment be damaged because of an insured loss
- Replacement Cost on Equipment & Tools: Covers you for the loss to replace
  lost, stolen or damaged equipment or tools at replacement cost--not at the
  Actual Cash Value cost (depreciated value), (some restrictions apply on age of
  equipment)

## The York Advantage:

- Dependably Canadian®—100% Canadian owned and operated
- 24 hour claims service with personal contact following the report of the claim
- Easy and flexible payment plan options
- Flexibility to provide Customized Protection tailored to your business operations

Merit Insurance Brokers Inc. is an independent insurance broker who has the experience to understand your business needs. Merit will provide you with expert advice on keeping your business safe, find a perfect fit insurance solution and be your advocate in the event of a claim

## **Loss Prevention Tips:**

- Keep an up-to-date checklist of proper safety procedures on hand. Ensure every worker is familiar with these safety policies and procedures.
- Make sure your workers are protected by ensuring that safety equipment (safety goggles, respirators, hard hats,etc.) is easily available when needed. It is your responsibility as a contractor to make sure all safety rules are followed
- Keep a detailed set of operating instructions with every piece of equipment and ensure that your workers are fully trained in its safe operation
- Make sure all equipment is in proper repair and in good working order
